Vision Statement

Dear Brothers and Sisters,

First and foremost, I am very honored and excited to be the 14th president of Lodge 6760. As president, I will strive to uphold the same professionalism and dedication as all of our past presidents have given us. I will tirelessly work to make sure every question is answered. As president of our lodge, I will continue to make sure our members are well informed of their rights and have all pertinent information as soon as it comes across my desk. Being president, I will assure our lodge being solvent now and into the future.

For some of you that didn't know. We recently amended our by-laws to start having quarterly meetings instead of monthly meetings. We will still do our monthly rotation the same. Just in a quarterly fashion. The reason this was done, was to bolster our treasury. By doing this, We will be in a better position financially to support any future claims from our UTLX brothers and sisters in Marion, Ohio. Once we have reached our financial goal, We will re-evaluate the quarterly meetings, and try to go back to either bi-monthly or possibly monthly meetings again.

Once at our financial goal, I would like to start educating our Vice Local Chairmen. I believe the more knowledge each individual point has, The stronger we are as a whole lodge. I like to think as a VLC as a "First Responder" just as s EMT. The more training and knowledge and they have, can make a huge impact of the outcome of many situations that arise at our individual points. Another wish that I have, is that our Local Chairman could come and visit each point. After all, He could be the one representing you someday. Again, These wishes I have require financial funding from our lodge. It is my goal to try and provide this for our lodge.

Fraternally Yours,

Christopher K. Pierce
